## KEEPING FAMILIES INFORMED...

*by Fran Hardin, Director of Instruction*

### Stakeholders Work Team

The Ky Board of Education has received all of the Stakeholders Reports that we have worked on over the last year or so. KBE has asked the Ky Department of Education to pull together a report consolidating all of the recommendations presented in the Stakeholders reports. KDE has set up a Work Team with the following goal:

"The committee will put together an action plan for the school year of 2004-2005 for both KSD/KSB and a long-term plan. It will be focused on these common themes pulling information and strategies for all 16 stakeholders reports."

This Work Team is made up of Christi Bailey, Fran Hardin, Debbie Martin, Wilton McMillan, Bobbie Beth Scoggins, Diane Haynes, and Rita Zirnheld. They will focus on the following topics:

- curriculum and how it ties with language/communication needs
- professional development
- outreach
- technology
- what is the ideal inclusive classroom
- family
- legislative issues
- collaborative services
- state of the art programs

## ARC MEETINGS...

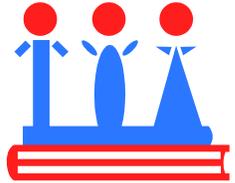

**What are they all about?**

**Why are they important?**

Spring is the time when many ARC meetings are held. Often, families, especially new families, do not know what these meetings are for or what to do about them! Unluckily, parents sometimes choose not to even attend or participate because they don't understand how important their child's ARC meeting is... Here's some information that we hope will help all families learn how ARC meetings can help their child. This information is taken from "Step by Step," written by the Kentucky Early Childhood Transition Project.

"... The ARC will develop a written Individual Education Program (IEP). The IEP is written especially for your child. The Admissions and Release Committee (ARC) develops and reviews the IEP. AS PARENTS, YOU ARE IMPORTANT MEMBERS OF THIS TEAM. The law requires that each child's IEP be developed by a team of people, not just one person. The

The Stakeholders Work Team would like your feedback on the reports that have been presented. The report from this group is due the end of April and will be presented to the Ky Board of Education at that time. You can send them email at [KCDHH@mail.state.ky.us](mailto:KCDHH@mail.state.ky.us). ## Facilities Planning Committee Report *by Bill Stearns, KSD/KSD Oversight Team*

The Kentucky Board of Education ( KBE ) asked the Kentucky School for the Deaf (KSD) to form a Facilities Planning Committee ( FPC ) to explore how the KSD campus and facilities could best be utilized to support the learning needs of the students it serves.

The FPC has met eight times since January 6, 2004. The FPC will present a facilities plan for the KBE to consider at its October, 2004 meeting. Recently, the FPC decided to invite interested partners to present ideas or describe collaborative interests or arrangements that could be mutually beneficial to KSD and its partners, as well as the entire Danville community.

The KSD PTCA has been invited to make a presentation to the KSD Facilities Planning Committee at one of its upcoming meetings. The FPC will not be meeting on April 6, 2004 due to spring break. Please contact me with questions/comments at: [bstearns@kde.state.ky.us](mailto:bstearns@kde.state.ky.us) or call me at 502-564-4970.

## FAMILY LEARNING GET AWAYS and FAMILY LEARNING VACATION

We have received several questions about FLGAs and the FLV. Here's some more information as we're trying to clear up some of the confusion... THANKS to CHANDLER HILL, from Wayne County for the updated logo!

Family Learning Get Aways are sponsored by the KEY Project. FLGAs are for families whose children are the ages of birth to 6 or 7). There will be 3 FLGAs across the state this year:

- \* Saturday, April 17 - **Williamsburg**
- \* Saturday, May 8 - **Olive Hill**
- \* Saturday, May 22 - **Leitchfield**

Family Learning Vacation is hosted by Kentucky School for the Deaf.

We will be on KSD's campus the weekend of June 11-13. FLV is open to families with a child who is of any age, up to 21.

Both the the FLGAs and the FLV are for families with children who are deaf or hard of hearing, regardless of which program the child attends and regardless of which mode of communication the family uses. See the attached flyers and registration forms for more information.

### ARC Meetings... *continued from Page 1*

"IEP tells the following:

- what your child can and cannot do (present level of performance);
- what your child is going to be working on during the coming year (annual goals and short-term objectives);
- what special services will be provided (specially designed instruction and related services);
- what special supports and services your child will need to function in the ... classroom;
- when special services will start and how long they will last;
- how and when they will measure your child's progress and how and when they will share this information with you; and
- who is responsible for implementing short-term objectives.

"After writing the IEP, the ARC will decide where the services will be provided. This is called 'placement.' ... The school district will have a 'continuum' or range of how services can be delivered. This includes mainstream classes, special classes," KSD, etc. Placement can be changed from year to year depending on what the ARC, including the parents, decides the best meets your child's needs. *(added by editor)*

"You may want to offer suggestions on what adaptations/accommodations could be made to support your child.... Remember, your presence is very important at all ARC meetings because you are your child's best advocate. This is your opportunity to exercise your decision making rights as a member of the ARC."

Good communication is the key to any successful relationship. Build your relationship with your local school district by talking with the Director of Special Education frequently between ARC meetings. Let that person know how everything is going and any questions or concerns you might have. Let them know the GOOD things that are happening, too! You are always welcome and encouraged to talk with your child's teacher, student life staff, and the Due Process office here at KSD.

### WHAT'S HAPPENING AT KSD?

- ✓ Summer School - KSD will have its 2004 Academic Elementary-Middle School Summer program from Sunday, June 6 through Friday, June 25. This program is open to both KSD students and public school students. There is no program fee, but families are responsible for transporting their child to and from KSD on the weekends. The flyer and registration form are included with this issue of the KSD Family Education Newsletter. The registration form is due in before April 30<sup>th</sup>. Contact Nancy Mann, at KSD for more information.
- ✓ Congratulations to the KSD Middle School Teachers! Our Middle School teachers have been chosen to receive 2 RIF/Coca-Cola thematic classroom collections. This is a reward for the Middle School teachers having very successful RIF book distribution activities this year. They displayed their students' RIF posters at the Danville-Boyle County Public Library.
- ✓ Middle School Multi-Cultural Festival - On Friday, April 2, you are invited to visit the KSD Middle School. They will be in Thomas Gym from 9:00-11:30 am. The students will demonstrate traditions and information from the cultures of Mexico, Native American Indians, the African-American community, and the Deaf community.
- ✓ KSD PTCA Parent Meeting - KSD families are invited to join the PTCA on Thursday, April 22<sup>nd</sup>, at 6:30 pm in the Walker Hall cafeteria. The PTCA is working hard to support the needs of our children at KSD. We will be discussing upcoming training opportunities, being involved with the School Council as well as continuing to plan the Pancake and Sausage Day events. Refreshments and childcare will be provided. Out of town families are welcome to stay in the Brady Hall guest apartments, at no charge. Contact Pat Bruce to make a reservation.
- ✓ Please help keep our contact information up to date - The KSD staff is very good about updating our computers with your addresses and phone numbers. This helps us stay in touch with you. Unluckily, all too often, the addresses and/or phone numbers we have are not correct. This results in mail being returned, phone calls not getting through, and a general lack of information getting to you. In emergencies, it can mean taking a lot of time to track down families. Please give us your most recent contact information on:
  - mailing address
  - home and work phone numbers
  - email
